

# Join a Marvista Elementary PTSA After School Enrichment Club!

Online Registration will be open **Friday, September 28, 2018 at 9:30AM.**

Club rosters will be posted by Tuesday, October 2nd, 2018 on the website, at the school and in Orca Times.

In an effort to be able to continue after school programs at Marvista, the Marvista PTSA has partnered with local businesses to offer you some great extracurricular opportunities. The PTSA's role will be to help connect you with these great clubs but the PTSA will no longer manage them on a weekly basis. We are confident that you will still receive the same high level of service from these amazing vendors!

## Clubs Information & Guidelines

- **NEW:** Most registrations will be done **directly through the providing company's hyperlink.**
- **NOTE:** Choir and Flag Football registration will be handled by Marvista PTSA.
- Registration will open for ALL of these clubs on **Friday 9/28/18 at 9:30AM**
- You must pay online when you register for a club. Please do not send cash or checks to the school. Registration will be on a **first come, first served basis.**

- **NOTE:** Not all of these clubs are on Fridays and not all offer the same number of sessions. **Please read details carefully.**
- It is important that your student be **picked up promptly at 3:20** from the club location. Students will not be escorted outside. If students are repeatedly picked up late they may be removed from the club at the leader's discretion.
- Students may be removed from a club if their behavior is disruptive. Parents will receive notification from club leaders of behavior issues prior to removal.
- Please do not contact the leader during the Club meeting time.
- Clubs are for registered students only. Students may not bring non-registered friends or siblings.
- Limited Scholarships may be available for select clubs. Please email [marvistaclubs@gmail.com](mailto:marvistaclubs@gmail.com) if you are interested.
- If you have limited access to online registration please call (206) 250-8940 to get help with the registration process. It will still be first come, first served.

- Questions, please email [MarvistaClubs@gmail.com](mailto:MarvistaClubs@gmail.com).

**Cost: \$136 per student**

Join us for beginner, intermediate and advanced gymnastics in the gym with instruction by The Jungle Gym Coaches. Classes start with a warmup and a little stretching, then go to stations for tumbling, vault, bars, beam and conditioning where kids are taught at their level. Our goal is for each child to achieve their personal best as they build strength, agility, and coordination with progressive gymnastics skills. Attire: Wear shorts, sweats, leggings, t-shirt or a leotard, with hair tied back. Keep in mind, the kids will be going upside down, on bars, and on mats and wood floor, so stretchy material clothing, no tights with feet, and tighter t-shirts work best.

This unique 10 classes program highlights great women scientists. Each module has an introduction with often-humorous stories from scientists' lives, educating children about the history of science. The children experience firsthand how to perform scientific experiments from an area of expertise of a scientist of the day. This program is a great introduction to the female science world suitable for both boys and girls. We hope it will encourage children to consider science related education and careers.

Have you ever wondered how it would feel to be a famous scientist who could change the world?

Join us for a hands-on, minds-on journey into the science of doing science! Witty Scientists LLC provides equipment, materials, PPE and lab notebooks for each session.

Sessions: 9  
Maximum # of participants: 14 (minimum 8)  
Location: Mrs. Sutherland's Room #2540

**Cost: \$239 per student**

This class is for beginning coders and features a mixture of guided and open-play activities using **ScratchJr** and other tablet apps to expose students to computational thinking and problem-solving. In the same session, students can graduate to standard **Scratch** where they will learn about programming, practice it for themselves, and

apply their new skills towards the creation of their own games and animations.

At the end of the class, every student will get to present something they worked on for their friends, family, and classmates. Coders are welcome to repeat this course and receiving greater challenges each time until they are ready for our Core classes!
